CAREER OBJECTIVES

I'm a software engineering student passionate about web development, with a growing interest in full-stack development. I'm looking for an internship where I can apply my technical skills, contribute to meaningful projects, and gain hands-on experience in the industry to further my career in software development.

EDUCATION

BSc (Hons) Degree in Information Technology Specialized in Software Engineering 2022 - 2026

- SLIIT – Sri Lankan Institute of Information Technology (Current GPA – 3.44)

G.C.E Advanced Level Physical Science Strem 3S's 2021

G.C.E Ordinary Level 7A's & 2B's 2018
- A's including Mathematics, Science, English, Information Tech., English Lit., etc.

PROJECTS

Communication & Stationary Management System (MERN Stack technology)

- Developed the whole order management system for customers & employees.
- Set up & managed MongoDB database with Mongoose for schema definitions.

Online Help Desk Management System (Java web application)

- Developed the whole frontend & backend for ticket raising and management component
- Managed database operations including CRUD functionalities using MySQL Workbench.

Online Green Super Market (Java web application)

- Developed the whole frontend & backend for customers & admin.
- Managed database operations including CRUD functionalities using MySQL Workbench.

Online Tutorial and Examination Application for Visually Impaired Students (MERN Stack technology)

- Developed the Whole frontend and backend for Examination and Tutorial Management for both tutor and student side.
- Used Text to Speech (TTS), Voice Recognition/Navigation to select answers or navigate through questions and submit, using a wake word "Hey Buddy" to activate voice recognition to increase the convenience of user.

Zero Hunger App (Mobile App Development using React Native and MongoDB)

- Built the web application using React Native and MongoDB.
- Managed the frontend and backend part for Organizations to upload their Food needs and manage them.

Task Management Application (App Development using Android Studio & Kotlin)

- Created a Note app with CRUD functionalities using SQLite.

TECHNICAL SKILLS

Programming Languages: Java | Python | ReactJS | Node.js | C | NextJs | PHP | Kotlin | JavaScript | HTML | CSS

Database: MySQL | MongoDB

Software Tools: VS Code | Eclipse | Android Studio

Version control tools: Git | GitHub

EXTRA-CURRICULAR ACTIVITIES

St. Michael's College, National School, Batticaloa

• Prefect		2020-2021
• Basketball Team Player		2016-2021
1. National U19 B Division 2nd Runner's up		2019
2. Herbert Cup National Invitational Championship 2nd Runner's up		2017
• Member of Albion Club (English Drama Society)		2016 - 2021
1. Junior Dialogue National English Drama Competition Champions		2016
2. Junior Dialogue National English Drama Competition Runner's Up		2015
• School Interhouse Sports Meet Athletic Captain		2019
• U17 Athletic Champion		2018
• U19 Athletic Champion		2019

Professional Basketball Player

• Team Player For Batticaloa District and Eastern Province Team	2019-present
1. Vaaj Junior Premier League National B Division Champions	2022
2. Lucky Jubilee National Invitational League Champions	2024
• Team Player For Commercial Credit & Finance (6 Month Contract)	2024
1. MSBA League A division Men's Runner's up	2024

KEY STRENGTHS

- Leadership
- Multi-tasking
- Problem-Solving Skills
- Collaborative Team Player
- Time Management
- Teamwork
